

# COMMUNITY ENERGY UPGRADES FUND (CEUF)

## ROUND 2

100% Renewables successfully assisted multiple councils in securing funding in Round 1. Our expertise in emissions reduction planning and grant applications means we can help your council refine and strengthen your application to increase your chances in Round 2. We provide:

### Project Scoping & Eligibility Assessment

Ensuring your projects align with CEUF priorities.

### Application Refinement & Enhancement

Strengthening your Round 1 application for a higher chance of success.

### Compelling Grant Writing

Crafting strong applications that highlight feasibility and impact.

### Funding Maximisation Strategies

Leveraging our expertise to boost your funding potential.

**Don't miss this opportunity!  Contact us today to prepare a strong application for CEUF Round 2 and secure funding for your community's energy future.**
